### **LETTER OF RECOMMENDATION**

To

The Admission Department,

Purdue University,

Indiana (USA)

I have known Ms. Reena Rani D/o S. Jaswinder Singh was a student of BCA in this college for session 2014-15, 2015-16 and 2016-17. I strongly recommend her admission in your esteemed institution. Her character is good. She was good at class performances.

I hold high opinion for her. She is laborious and do very presentable work. She clearly showed her creativity and work ethics. I find that she is self motivated with immense passion for getting to the depths of the subject matter.

Her academic record shows strong communication skills written as well as spoken. She is inquisitive and keeps herself informed of all new levels of her course.

I wish her success in future studies.
