

Statement of Purpose

Introduction

Hello, my name is Karandeep Singh and my passport reads the number U1317800. In recent years, I've become a serious student of the field of business. The inner workings of any company have always piqued my interest. I realized the knowledge gap while doing my executive responsibilities in the company's business and relationship departments. I really want to bridge that gap with global study right now. In my opinion, a background in many languages and cultures has the potential to be a game-changer for my professional life. I decided to pursue a Master of Business Administration degree at University because of this.

Academic Background

I have passed my 10th standard in the year 2017 from the CBSE board with 6.8 CGPA. After that, I completed my 12th standard from the PSEB Board in 2019 with quality marks. I have also pursued the bachelor of business administration at J.K Gujral Punjab Technical University in May 2022. At present, I am working as a business & relationship executive at Iconic Solution.co from 1st August 2022 to till date. I also gave the PTE exam in 2023 and gained 54 marks.

Why the University of New Haven?

The University of New Haven is a leading university that was established in 1920 and has been providing top-tier education for years. The instructors at the university are leaders in their fields. Through their wealth of experience and knowledge, they provide students with the motivation and guidance required to succeed at whatever they want to do. In addition, they provide students with a wide range of learning opportunities that assist them in pursuing their passion. The university aims at following a student-centric and career-focused approach to help students develop a rewarding career. The other factors that encouraged me to choose the University of New Haven are a safe, diverse, interactive, collaborative, supportive and excellent learning environment that makes the education journey of students simple, productive and interesting. Moreover, the research opportunities and practical approach help students develop the skills required to deal with the complex challenges in the real world.

Why Master of Business Administration?

I am very passionate about enhancing my business, leadership and managerial skills. So, I believe that the Master of Business Administration program at the University of New Haven

is the right choice that suits my career aspirations. This master's program includes some crucial elements of business such as Accounting, Marketing, Economics, Finance and Management. In addition, this coursework allows students to choose any of the seven concentrations through which students can delve deep into a specific business area of their choice. I will also get an opportunity to be involved in service learning, hands-on experience and faculty-led research which will help me to develop various skills. I believe that the knowledge and skills I will develop in the Master of Business Administration will help me analyze modern business problems and devise perfect solutions to deal with them.

Career Opportunities

I am confident that the Master of Business Administration will help me climb up the success ladder in the field of business. After completing an MBA program at the University of New Haven, I am looking forward to returning to my home country and exploring opportunities so that I can apply my knowledge and skills to help businesses grow faster. This study program will help me become a Marketing Manager, Financial Manager, General Operation Manager or Business Developer Manager in the top business organizations in India.

Conclusion

I strongly feel that the University of New Haven is a place where I can transform my career aspirations into reality by honing my skills and knowledge in the desired field. I request you to consider my application to get admission to the esteemed university because it will be a life-changing opportunity for me.
