### LETTER OF RECOMMENDATION

I have great pleasure in formulating my assessment of **Ms. Gagandeep Kaur** who has completed **Bachelor of Education** from this college. She has profound knowledge of subjects studied with a keen desire to learn and analyze new things.

I have found her to be mature and an industrious student with an analytical bent of mind. I feel that this perspicacious insight into any task that she undertakes is one of her strong points. She is highly motivated, eager for knowledge and is always on the new things. She has great zeal for higher academics and has shown great promise by venturing beyond the scope of the subject syllabi right from the start.

She is an attentive student in the class, receptive to new ideas and has concepts and capacity for lucid presentation as well. She stands out for her motivation and dedication. She is efficient and meticulous at her work. Her excellent work has also won the confidence of faculty members like me. She has also **done teaching practice** and was very disciplined. She is intelligent, knowledgeable and can apply her theoretical knowledge effectively.

Gagandeep's behavior with teachers and her referential attitude towards elders is admirable. Considering all the above mentioned facts.
