LETTER OF RECOMMENDATION

I am very pleased to write this recommendation of Ms. Kiran, who has been a student in R.P. Educational Trust Group of Institutions, Bastara, Karnal for the program of Bachelor of Technology in Civil Engineering (Four years of program) during session 2011-14 (Through Leet).

I found she was very punctual, possesses a curious mind and good vocal sound to actively take part in extra curriculum activities. She is an exceptional student who would contribute greatly to any program.

I wholeheartedly recommend her for higher studies and wish her the very best in all her future endeavors.

Ritu

LETTER OF RECOMMENDATION

I am very pleased to write this recommendation on behalf of **Kiran**. **Kiran** has been a student in R.P.E.T.G.I Campus for the four years of program of Bachelor of Technology in Civil Engineering.

As Head of Department of Civil Engineering in R.P.E.T.G.I Campus, I had a numerous occasions to work with her. During her graduation career, I have observed her grow into a poised and accomplished young girl with superior Communication skills. Her self-discipline and dedication towards the course of study was really worth praising and she never hesitated to help out other students to maintain discipline. She was always willing to volunteer in various programs and has participated in various workshops in college. This nature of her was liked and cherished by all the faculty members, all teachers and all her peers. **Kiran** has outstanding organizational skills and is able to successfully complete multiple tasks with favorable results despite deadline pressure. As part of semester project she developed an innovative collaboration novel with her classmates and she not only headed out the project but also ensured its success by demonstrating leadership ability that her classmates both admired and respected.

I must also make note of **Kiran** exceptional non-academic performance that she was always ready to welcome any challenges. She has participated in various internal sports programs and as well as has actively participated in various social activities like blood donation program, mass awareness program relating to environment, different athletics programs. In addition to her talent and creativity, she was very sincere and participated very actively in all practical work in laboratories and has successfully completed different major and minor projects relating to her course.

It is clear to me as I hope it is to you that this young girl, **Kiran** is an exceptional candidate; one that would contribute greatly to any program. I wholeheartedly recommend her and wish her the very best in all future endeavors.
