LETTER OF RECOMMENDATION

It is my pleasure in writing this letter of recommendation for Sukhdeep Singh. He is a very honest, hard-working and a dedicated student. I know him since 2017 and seen him growing remarkably, both as a person and as a student. Being faculty, I stand witness to his keen interest in Software Engineering, C++, Java, Science and English as an Engineering Student.

He always wanted to pursue higher studies in United States of America as he routinely made his desire to grow in a richly diverse environment, among other communities and cultures. I would gladly recommend Mr. Sukhdeep Singh for your University and I will be more than happy to answer any queries you may have.
