Ref. No. CTPC/F-15/2193

Dated: 03-Oct-2023

Letter of Recommendation

I take great pride in introducing **DAKSH SABHARWAL**, I have known him since he joined our College as a Diploma student in the department of **Computer Science and Engineering** in **2020**. I have taught him **Analysis and Design of Algorithm subject**. I monitored him at close quarters and therefore in a position to evaluate him. As a student, I found him gifted with capabilities and motivation that I would unhesitatingly offer the highest recommendation for him.

His innovativeness, ardent zeal and creativity make him an ideal candidate for development. He possesses high analytical abilities and methodological approach towards the assigned problem, which was reflected amply in him submissions and presentations. He possesses a great blend of theoretical acumen and practical ability.

His scholastic acumen is best displayed in the field of **Computer Science and Engineering**. Perseverance, sincerity and thirst for knowledge have always been the hallmark of his personality. I feel he is capable of taking up the responsibility of working alone as well as in team which is verified by his effectiveness in organizing various functions for the College cultural society. He possesses good oral and written presentation skills and ability to work across diverse platforms. He is one of the few students I have come across who has diverse yet focused academic prospective.

I am confident that **DAKSH SABHARWAL** will continue to be very productive. He has my highest recommendations for admission with full financial aid possible and I believe that he will make a welcome addition to your reputed University.

He actively participated in Co-curricular activities. He demonstrated leadership skills, team work and ability to multitask.

I strongly recommend his candidature for Bachelor Program at your University.

Ms. Navdeep Kaur
Lecturer, Computer Science and Engineering
